

Wizard Charades Activity

Earn 2 minutes for every “spell” cast.
This is a great game to play with other family members.

The child who is the “wizard” puts a “magic hat” (use any hat) on another child. The child with the “magic hat” says:

“Wizard, wizard
Please do tell
What did I become
When you cast your spell?”

The “wizard” whispers the name of an animal (such as a toad, snake or cat) or object (such as a car, table or spoon) to that child, who has to act out that animal or object. Everyone else must guess what the object or animal is.
